City of Lebanon

401 S. Jefferson

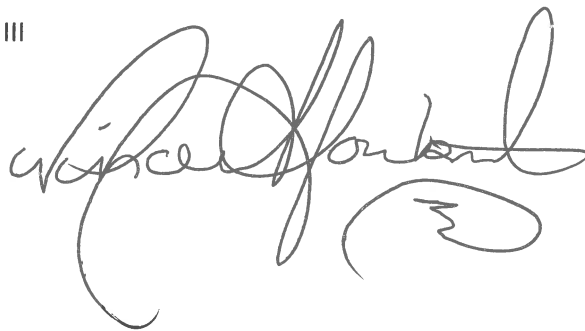

Lebanon MO 65536

To Whom It May Concern:

I'm applying for the Mayor position with the city for a very simple reason: I love Lebanon and want to see our town become the best it can be. I know countless hardworking people here and I know they need more and better jobs. Our young people need positive activities and reasons to stay here and make Lebanon a great city into the future. The less fortunate in our town need better services to help them improve their situations. I believe with my leadership and communication abilities, and most of all my passion for Lebanon, I can be an effective mayor for our city and make it a place we are all proud to call home. I appreciate your consideration.

Sincerely,

Vincent Joubert III

Mayoral Candidate Interview Questions

Please write your answers below or type your responses in a new document and return them on or before the interview meeting on July 13, 2017

1. Tell us about your involvement with civic activities and how you believe that experience makes you a good candidate for Mayor.

I've been volunteering at L-LIFE Food Bank for almost 4 years. This has given me a real perspective on the needs of the working poor in our town.

2. What do you believe are the biggest challenges facing Lebanon over the next few years?

Economic growth - better paying jobs + new industry.

3. What do you see as Lebanon's biggest strengths as a community?

Our history with Rt-66 - which is not being used as an opportunity for growth currently.

Our proximity to Bennett, Lake of the Ozarks + other recreational opportunities in the area.

4. We provided you a copy of the adopted City Council goals from the FY2018 budget along with these questions. What are your thoughts on those goals? If you had been Mayor when we discussed priorities, what would you have wanted on the list?

- Capitalizing on our Rt 66 history
- Bringing bigger, more lucrative events to Cowan Center.
- I agree with using inmates to assist with city work only having two days to look over goals, I need more time for a full assessment.

5. If appointed, what would you hope to accomplish in your time as Mayor?

To make Lebanon the biggest ~~best~~ town it can be - that's a welcoming home for all our citizens.

6. How would you describe the respective roles of the Council and the staff?

Dont know. Would like to learn everything about how our local govt- works!

7. Would you prefer to serve until a special election in April 2018 or completing the remainder of the term ending in April 2020?

Complete the term.

8. Is there anything else you would like to add that hasn't been covered during this interview?

The preservation of the historical value of our town is important to me + probably more people in Lebanon than the council realizes.

Thanks for your time.
See you in 2020!
