*****Lebanon Missouri, July 16, 2010 – “Lebanon at Work” press release*****

Lebanon’s Public Works Department has the following projects scheduled for the week of July 19th.

Crews will be finishing the underground utilities and continue with the dirtwork portion of Elm Street, Phase 5. The City is scheduled with Willard Asphalt to lay the final lift of the asphalt driving surface.

Crews will be finishing the underground utilities in the Britli subdivision.

As weather permits, the City of Lebanon intends to work in these areas mentioned. Please visit the City’s website for additional information, www.lebanonmissouri.org.
